### A CASE FOR TEACHERS BETTER CONNECTION WITH STUDENTS

The De La Salle students had a discussion about how teachers should be more connected to their students in order for them to be more successful. We want you to take these questions and continue the conversation at your school with your peers, teachers, and school administrators.

We believe that the change you seek can only happen with your input and leadership!

*How could teachers better connect with your community? Who do you see this affecting the most? Why?*

*Describe how this topic could have a negative or positive impact on a student's learning experience.*

*If you could take on this challenge at your school, identify what staff and students would be your allies, and why?*

*How could this topic have a positive impact on school culture?*
