REDESIGNING GRADING SYSTEMS TO BETTER CONNECT DIFFERENT LEARNERS

The Fort Osage students made a good case about the grading system. We want you to take these questions and continue the conversation at your school with your peers, teachers, and school administrators.

We believe that the change you seek can only happen with your input and leadership!

- *Describe a situation when you or someone you know, knew the material, but struggled to show that on a test or quiz.*
- *Who do you see this affecting the most? Why?*
- *Describe how this topic could have a negative or positive impact on a student's learning experience.*
- *If you could take on this challenge at your school, identify what staff and students would be your allies, and why?*
- *How could this topic have a positive impact on school culture?*
