LEARNING STYLES

CREATING AN ENVIRONMENT FOR EVERYONE

The students from Liberty High School understand that everyone learns differently. If that's the case though, how come schools are teaching their students all in the same way? We want you to take these questions and continue the conversation at your school with your peers, teachers, and school administrators.

We believe that the change you seek can only happen with your input and leadership!

- *How do you learn? How many of your teachers teach to your learning style?*
- *Who do you see this affecting the most? Why?*
- *Describe how this topic could have a negative or positive impact on a student's learning experience.*
- *If you could take on this challenge at your school, identify what staff and students would be your allies, and why?*
- *How could this topic have a positive impact on school culture?*
