## CAN YOU TEACH ME IF YOU DON'T LOOK LIKE ME?

---

The Northeast students can teach us all a little bit about diversity. We wanted to ask them if they feel like having a teacher that looks like them will be a better teacher for them and their response is surprising. They just want teachers that care. So, we want you to take these questions and continue the conversation at your school with your peers, teachers, and school administrators.

We believe that the change you seek can only happen with your input and leadership!

- *If you have had a teacher who shares your racial identity, describe how it made you feel?*
- *Who do you see this affecting the most? Why?*
- *Describe how this topic could have a negative or positive impact on a student's learning experience.*
- *If you could take on this challenge at your school, identify what staff and students would be your allies, and why?*
- *How could this topic have a positive impact on school culture?*
